

Policy

TMS has entered into an exclusive agreement with The Braun Corporation of Winamac, Indiana, to convert the 2004 MY Sienna LE, all 2005-2007 MY LE, XLE, and XLE Limited Sienna's, and 2005-2006 MY Scion xB's for wheelchair access.

Warranty Information

Braun Sienna and xB Rampvans are warranted under the same terms and conditions as the New Vehicle Limited Warranty; however, certain modifications are made to the vehicle during conversion which would not be covered under the New Vehicle Limited Warranty. These parts are warranted separately by Braun as noted below.

Braun Factory Limited Warranty Information

Braun warrants to the purchaser of the modified Toyota Sienna or Scion xB vehicle that structural metal fabrication completed by Braun on or of the frame and ramp platform will not rust or corrode through or otherwise fail due to rust or corrosion, for a period of five years / unlimited mileage. Braun further warrants to the purchaser that the remainder of modifications and alterations on the vehicle completed by Braun and associated parts and components thereto will be free from defects in material and factory workmanship for a period of three years or 36,000 miles, whichever occurs first. The above periods of time or accumulation of mileage will commence upon first delivery of the vehicle from a Braun dealer to the initial purchaser of the vehicle, or the date the vehicle was first placed into service, whichever is earlier.

Braun agrees to pay for labor and parts to repair and replace any Braun factory-installed parts found to be defective within the applicable warranty period or mileage, provided that the repair or replacement is authorized by Braun and is performed by a Braun authorized service establishment. **Any warranty work performed by any person or entity who is not Braun authorized must first be approved by Braun to be covered under this warranty.** Braun will not honor any warranty claim for repair or replacement of parts unless said claim is performed by a Braun authorized service technician and that technician completes replacement of parts. The name and location of your nearest Braun authorized service technician can be obtained by either written or telephone contact with Braun, at the following address or telephone number.

The Braun Corporation
631 West 11th Street

Conversion/Modification Process

The Sienna Rampvan conversions have been modified at a Braun facility in either Farmington, New Mexico or Winamac, Indiana. These vans have gone through an intensive modification process that includes lowering the floor, installing a foldout or infloor ramp, and customized interior and exterior accents.

The following chart shows conversion features. These preliminary features are subject to change.

<ul style="list-style-type: none"> Floor, frame and rear sliding door sills lowered 10 inches (Infloor) or 11 inches (Foldout) 	<ul style="list-style-type: none"> Magnetic exterior door and ramp entry system
<ul style="list-style-type: none"> Powered wheelchair/scooter ramp with powder-coat non-slip surface 	<ul style="list-style-type: none"> Emergency side door release
<ul style="list-style-type: none"> Automatic ramp safety sensor and delay function 	<ul style="list-style-type: none"> 3-position strap-type wheelchair restraint tie-downs
<ul style="list-style-type: none"> Powered sliding passenger side rear door with power door lockout system and optional remote entry system 	<ul style="list-style-type: none"> Interior spare tire carrier and cover
<ul style="list-style-type: none"> Crank-style emergency ramp platform release with one-way bearing (Infloor) or push-out emergency ramp platform release (Foldout) 	<ul style="list-style-type: none"> Removable, transferable seat base (works in either driver or passenger position)
<ul style="list-style-type: none"> Kneel system with emergency release (optional) 	<ul style="list-style-type: none"> 3-passenger "fold and tumble" forward 60/40 split rear bench seat
<ul style="list-style-type: none"> OEM-style multifunction dash and door-post mounted control switches 	<ul style="list-style-type: none"> Electronic Vehicle Entry (EVE) system with coded entry fob and wrist strap (optional)

When a customer purchases a Braun Sienna or xB Rampvan, they will be instructed to take their vehicle to a Braun dealer for all service needs related to the conversion, adaptive equipment and/or other modifications. These instructions are reinforced on the Braun Service Information Exchange Card (front and back) that is shown on the next page.

In the event that a customer cannot go to a Braun dealer, the front of the card lists the Braun Rampvan Technical & Claim Support toll-free number that the Toyota dealer can call to obtain technical assistance and payment information.

The backside of the Service Information Exchange (SIE) Card is completed by the Braun dealer when:

- The concern is not related to the Braun conversion/modification, or
- The Braun dealer is unable to diagnose or repair the vehicle and requests the Toyota dealer's help

Policy 5.26	Braun Sienna Van and Scion xB Conversion Warranty and Service	09/06	Page 3 of 14
-------------	---	-------	--------------

Conversion/Modification Process (Continued)

The Braun dealer will complete the SIE card and give it to the Sienna/xB owner. They will request that the customer take their vehicle to the Toyota dealership and provide the SIE card to the Service Manager. The SIE card will show the customer’s concern and any diagnosis that the Braun dealer completed. The purpose of the card is to assist the Toyota dealer in determining the possible problem with the Sienna or xB Rampvan. It will explain what the Braun dealer did and what was found.

An example of the SIE card (front and back) is shown below:

<p style="text-align: center;">Attention: Sienna/xB Rampvan Owner</p> <p>THE BRAUN CORPORATION thanks you for the purchase of your new Toyota Sienna or Scion xB Rampvan. We sincerely hope that your ownership experience is a pleasant one. However, should you encounter a problem with your vehicle, it can sometimes be difficult to determine whether to consult a BRAUN mobility dealer or a franchised Toyota dealer repair facility. Should you experience this, we recommend that you first contact your <u>selling or local</u> BRAUN mobility dealer for an initial diagnosis of the concern.</p> <p>Your BRAUN mobility dealer may be capable of correcting the difficulty or may advise that it should be handled through a Toyota dealership service department. In the event that you cannot first consult with your BRAUN mobility dealer, please present this card to a Toyota Service Center, as there is important information below that will help expedite any repair(s) that are required.</p> <p>If you should ever experience any concerns obtaining service for your Sienna of xB Rampvan from a Toyota dealership, please contact the Toyota Customer Experience Center at 1-800-331-4331.</p> <p style="text-align: center;">Attention: Toyota Dealership Service Manager</p> <p>This customer owns a Toyota Sienna or Scion xB Rampvan which has been modified for wheelchair access by BRAUN. To assist this customer, interaction between the modified and OE components may need to be resolved through contact with their BRAUN dealer (see reverse) or with BRAUN Technical Support headquarters.</p> <p>Please note the following phone numbers for assistance and return this card to the vehicle owner.</p> <p style="text-align: center;">BRAUN Sienna/xB Technical & Claim Support 1-866-566-0089</p> <p style="text-align: center;">Toyota Customer Experience Center 1-800-331-4331</p>	<p style="text-align: center;">Braun Dealer / Toyota Dealer Service Information Exchange</p> <p>Please be advised that the Braun mobility dealer listed below has previously inspected and/or attempted diagnosis of the concerns listed, and concluded that in part it appears to be associated with unmodified OE equipment or systems.</p> <p>Your assistance to our mutual customer with a timely resolution of their concern is appreciated. For more information, please contact us at:</p> <p>Rampvan Dealer Name _____</p> <p>Rampvan Dealer Phone _____</p> <p>Contact _____</p> <p>The results of our investigation of the customer's concern(s) follow:</p> <p>Complaint _____ _____ _____ _____</p> <p>Diagnosis _____ _____ _____ _____ _____</p> <p>Complaint _____ _____ _____ _____</p> <p>Diagnosis _____ _____ _____ _____ _____</p>
--	---

Rampvan Owner Satisfaction Team

TMS has established a Rampvan Owner Satisfaction Team within the Customer Experience Center (CEC). All existing and future Rampvan owners are being advised to contact the CEC in the unlikely event they experience difficulty in obtaining service at a Toyota dealership. The Rampvan Owner Satisfaction Team will facilitate communication with Braun, their dealer, and the Toyota dealership involved to address any issues or concerns.
