

### Maintenance and Service Requirements

Braun Rampvans® must be maintained and serviced by a Braun authorized service representative who has attended and been certified by The Braun Corporation Sales and Service School for Braun Mobility Products.

Read and become familiar with the operating procedures outlined in the Rampvan® operator's manual and the maintenance and troubleshooting information contained in this manual before beginning operation, maintenance or service procedures. Contact The Braun Corporation at 1-800-THE LIFT® if any of this information is not understood.

**One-Touch Control System:** Rampvan® power functions are managed by the One-Touch electronic control system. The control system can be activated using the Toyota remote keyless entry transmitter, any of the interior-mounted control switches, or the optional magnetic entry.

**Braun Corporation Aftermarket Control Systems Policy:** The Braun Corporation manufactures dedicated control systems for its products. These control systems have been designed and tested for use in conjunction with

specific Braun products. Braun control systems are the **only** control systems authorized for use with Braun products.

**Do not** attempt to interface aftermarket control systems without authorization from The Braun Corporation. **To do so may result in serious bodily injury and/or property damage.**
